**Governor Sandoval and Contractors Board Proclaim Nov. 14-18 as
*Nevada Licensed Contractors Week***

In partnership with the Nevada State Contractors Board (NSCB), Governor Brian Sandoval signed a proclamation declaring the week of November 14 – 18 as *Nevada Licensed Contractors Week*.

NSCB Executive Officer Margi A. Grein had the following to say about the proclamation, “The contributions made by licensed contractors to the State of Nevada in both residential and commercial markets over the years are commendable. It is important for homeowners to understand the value of hiring a licensed contractor, and for licensed contractors to be recognized for their diligence in complying with state laws and regulations.”

The designated week will recognize the contributions made by licensed contractors throughout the state as well as raise awareness to homeowners about the benefits, protections, and best practices of hiring licensed contractors. The Board would like to encourage its partners throughout the construction industry to use this week as an opportunity to outreach and message to media about the value of licensed contractors and the contributions that have and continue to be made to the State of Nevada.

As part of Nevada Licensed Contractors Week, the Board will formally recognize the proclamation at its upcoming Board meeting on Nov. 17. A copy of the proclamation is attached.
