## **CONTRACTORS' ALERT!**

The Nevada State Contractors Board (NSCB) has received information that letters and faxes from the Central Bank of Nigeria may be going out to Nevada Contractors asking for confirmation of bank account and other personal information. The NSCB is issuing an alert to all contractors throughout the State of Nevada to be **cautious** of these letters and faxes and to be suspicious, if asked to either call or e-mail representatives of the Central Bank of Nigeria. The NSCB advises contractors to be cautious of anyone soliciting confirmation of personal financial information.
