March, with support from the Nevada State Contractors Board and select community businesses.

This year's Rebuilding Hope program was limited to the first 100 applications, received from Dec. 8, 2008, through Jan. 31, 2009. Applications were judged on a family's *special circumstances* or *needs*.

Williams is a disabled senior citizen, living on a fixed income. The kitchen in her home, built in 1964, needs to be completely remodeled.

The Nevada State Contractors Board has the responsibility to promote quality construction by Nevada licensed contractors through a regulatory licensing system designed to protect the health, welfare and safety of the public.

The Associated Builders and Contractors of Las Vegas promotes and protects freedom of choice in the construction industry marketplace and the rights of all contractors to conduct their businesses in an environment unencumbered by conditions that could restrict an owner's independence, or impede a contract being awarded to the lowest reasonable qualified bidder.
