MISSION COOL OFF HOMEOWNERS CHOSEN

The Nevada State Contractors Board and the Southern Nevada Air Conditioning Refrigeration Service Contractors Association (SNARSCA) are pleased to announce three households that were chosen in the Mission Cool Off

program to either have their cooling units repaired or replaced by a volunteer of the Southern Nevada Air Conditioning Refrigeration Service Contractors Association.

The families are: Gladys and Willis Morrison of Henderson, Jack Farley of Las Vegas and Gloria Jones of North Las Vegas.

The program was limited to three households chosen from the first 100 applications received between May 16 and June 16, 2006. Selections were made by Nevada State Contractors Board and SNARSCA representatives, based upon a family's special circumstances or needs. Repairs are currently being scheduled by SNARSCA.

The following SNARSCA member companies have either donated equipment or their time for the Mission Cool Off program: US Air Conditioning Distributors, Inc.; Right Now Air-Conditioning; Rebel Refrigeration; Iverson Crane; M.S.I (Material Supply, Inc); Chazell Air Conditioning; Universal Refrigeration, Inc.; Sahara Air Conditioning & Heating, Inc.; Hi-Lo Air; and Southwest Air Conditioning Service, Inc.

SNARSCA is a non-profit corporation committed to promoting and protecting the interests and welfare of the industry, its members and the public.

The Nevada State Contractors Board has the responsibility to promote quality construction by Nevada licensed contractors through a regulatory licensing system designed to protect the health, welfare and safety of the public.
